David Villa, House No 1156, Near Durga Mandir, J.P. Nagar, Adhartal, Jabalpur, (M.P.) India | +971-555 46 5941, +974-71242241 | abhishakedavid@gmail.com

Professional Summary

With over 23 years of hands-on experience in Heavy Equipment Maintenance, I specialize in diagnosing, repairing, and rebuilding Aerial Work Platforms (AWPs) and lifting equipment used in construction, mining, and industrial sectors. My core expertise lies in the comprehensive maintenance and field repair of manlifts, scissor lifts, boom lifts, and rough-terrain access platforms — ensuring equipment reliability, safety, and peak performance.

Throughout my career, I've worked on industry-leading brands such as JLG, Haulotte, Snorkel, Upright, Grove, Hiab, and Hyster, alongside extensive work with heavy-duty equipment from CAT, Komatsu, Hitachi, JCB, Godrej, BEML, and Ingersoll Rand. My capabilities span engine overhauls, hydraulic system repairs, undercarriage maintenance, electrical troubleshooting, and routine servicing, both on-site and in workshop settings.

What sets me apart is the ability to restore and rebuild complex equipment from the ground up — aligning with safety standards and optimizing uptime in high-demand environments. I take pride in my commitment to precision, preventative maintenance, and keeping mission-critical lifting equipment operational in the most demanding conditions.

Work History

AWP Technician

May 2025 – Present

Manlift Group

Abu Dhabi Emirate, United Arab Emirates

- Specialized in maintenance, inspection, and repair of Aerial Work Platforms (AWPs) including Scissor Lifts, Boom Lifts, and Vertical Mast Lifts.
- Hands-on experience working with globally recognized brands such as JLG, Genie, Skyjack, and Dingli across working heights ranging from 2.5 meters to 50 meters.
- Conducted preventive and corrective maintenance to ensure equipment uptime, safety, and performance in compliance with industry standards.
- Skilled in hydraulic and electrical system diagnostics, including motor controllers, sensors, relays, and lift hydraulics.
- Proven ability to handle on-site emergency breakdowns, performing troubleshooting and major component overhauls for quick restoration of machines to operational status.

Heavy Equipment Mechanic

October 2024 – May 2025

PTC Middle East

Dubai, United Arab Emirates

- Expertise in repairing and overhauling power packs for Vibro Hammers (VHM5001, Vibro 10 PHFV), Bauer BG 28, BG 24 & CMV piling machines.
- Experienced with hydraulic jacks with capacities ranging from 500 to 1500 tons for foundation and

piling activities.

- Experienced in controlling power packs, including PTC-400CO and 400VO Power Packs, to ensure the consistent functioning of Vibro Hammers piling machines.
- Extensive experience maintaining and diagnosing Caterpillar engines (C9, C10, C15) and Cummins M11 engines in heavy-duty machines.
- Ensures that piling and foundation equipment operates efficiently and optimally through skilled maintenance techniques.

Heavy Equipment Mechanic

United Gulf

April 2023 – Oct 2024

Doha, Qatar

- I have been wisely assigned to oversee the inspection and upkeep of heavy machinery to ensure correct operation.
- I have a lot of experience working with computerized testing techniques to find issues.
- I am permitted to do upkeep and repairs on Haulotte Man lifts between HA 12PX and HA 43TPX.
- I am doing maintenance on Perkins, Deutz, and Hatz diesel engines used in Haulotte Man lifts.
- I have also been responsible for replacing damaged equipment parts.
- Additionally, I have been handling the big equipment repairs that are required.
- Any equipment that is faulty or damaged is reported to management.

Maintenance Engineer

A.D. Industries

Nov 2012 – April 2023

Jabalpur, Madhya Pradesh

- I have performed maintenance tasks, repairs, and significant overhauls. I have finished projects ranging from overhauling a whole machine to fixing engines. Also, I refurbished the machinery.
- Despite the high level of activity, I managed to complete the assignment ahead of schedule by properly allocating my time.
- I've worked with Cat Telehandlers (TH408D), Gas and Diesel Bale Grabs, Godrej forklifts (3 tonne to 15 tonnes), and Cat Equipment Diagnostics.
- I've worked on a variety of engines, including Simpson, Cat, and Cummins.
- As a mentor, I have assisted, counselled, and trained my apprentices as needed to make sure they performed their tasks correctly and securely.
- I have examined blueprints, schematics, and schematic drawings to identify work methods.
- Attended breakdowns as well as provided outside engineers assistance as necessary.

Senior Technician

The Kanoo Group

Sep 2010 - Oct 2012

Riyadh, Saudi Arabia

- As a primary dealer, I have done all maintenance, overhauls, and laptop diagnostics on all makes and models of Hyster Forklifts, 2.5 to 40 Tons, Grove RT530 to RT765E, Hiab X-CL 19, X-CL 12 (Loading Cranes), Snorkel Manlift (articulated boom lifts), and Upright X26, X32 (Scissor/Aerial Work Platform). The main responsibility is flexibility, although when necessary, work is also performed at the workshop or on-site as per customer requirements.
- As we work with small enterprises to global corporations, I have managed fleet maintenance and assisted clients with advice when needed. Where necessary, I have also worked within the customers' budget range.
- Pdi and fit adjustments to new machinery in accordance with client needs, such as the installation of can guards, light modifications, and seat belt kits, etc.

Service Engineer

JCB Frontier Commercial Vehicle

Jan 2009 – Aug 2010

Jabalpur, Madhya Pradesh

- I've performed maintenance, repairs, and troubleshooting on a broad range of JCB equipment, including excavators, telehandlers, 3DX, 3DX PLUS, 4DX, 540-70, and more.
- Overhaul, repairs, and service for JCB telehandlers with diverse boom lengths.
- Fixing faults on various excavators and performing maintenance

Diesel Mechanic

Yanbu Cement Co.

Oct 2005 - Oct 2008

Yanbu, Saudi Arabia

- Accomplished mechanical repairs, laptop diagnostics, servicing, and breakdown work on a variety of mining and quarry equipment while employed as a diesel mechanic in quarries (Caterpillar, D9H, D10, D11N, D11R Dozer, 769C Dump Trucks, 775E Dump Trucks, 777C Dump Trucks, 988F Loading Shovels, 992D Loading Shovels, Caterpillar 115 Tire Handler, Hitachi EX-700 Excavators, Hitachi EX-600 Excavators, Komatsu WA-600).
- **Engine Maintenance:** Caterpillar DITA-3412, 3408, 3508 EUI, C-18, Komatsu S6D170, Cummins KTTA-19, KTA-1150-C, KT-1150, N-14.
- **Engine Major Overhauled:** Caterpillar – (3408, 3508EUI, 3412, 4.5BT), Deutz (TD2011L03, TD2011L04), and Perkins (2506/1500).

Hydraulic Technician

Commercial Minerals

Sep 2002 – Jun 2005

Katni, Madhya Pradesh

- Repaired HM 2021 (Wheel Loader), IBH 10 (Drilling Machine), Komatsu D155A (Dozer), and BEML BH40 on a quarry site (Dumper).

Education

Diploma: Diesel Mechanics

Sumant Moolgaokar Engineering Institute

1999- 2002

Kymore, India

Diploma: Plant Engineering & Management

Indian Institute of Plant Engineers

Aug 2010 – Feb 2011

Chennai, India

Certificate in Computer Basics

C-DAC Gist Pace

2001

Kymore, India

Certifications

- Finished system maintenance and operation training for the Caterpillar D11N Track Type Tractor from Zahid Tractor.
- Finished TM12, MX19, X26/32, and A38E Calibration & Overloads Snorkel (MANLIFT) Technical Training.
